Tabcorp Park Melton - Trial Procedure Change

Trainers please note horses are not permitted to be worked on the Melton track at any time before, during or after scheduled trials. Horses that are not officially nominated to contest a trial or nominated to gain mobile barrier experience will not be permitted access to the track under any circumstances. Trainers will have the opportunity to gain mobile barrier experience prior to the first trial at all Tabcorp Park trial meetings. Please note nominations for this education and mobile barrier experience must now be lodged with the Racing Office via telephone or fax (not HarnessWeb) until nominations close. A maximum of seven (7) horses only will be permitted on the track at any one time for this education process. This may result in two or more heats of education being conducted in which case HRV will pre-determine fields for each heat. Mobile barrier education will commence at 6.15pm in order for the heats to be concluded and the track prepared prior to the first trial at 6.30pm. This mobile barrier experience is for education purposes only. Horses will not be qualified for participating in this education process. Only named horses may be nominated.
