Where the required monthly information for the relevant period is not submitted by the WSP, for the purposes of the calculation of the fee payable to HRV, HRV may estimate the WSP's AT or net customer winnings (as the case may be) using the average actual AT or net customer winnings (as the case may be) for relevant periods provided by the WSP to HRV at the time HRV makes such calculation (HRV's fee estimate).

When the WSP submits amended data related to prior periods this adjustment for fees payable will be included in the relevant period of submission for the purpose of adjusting the fees payable. HRV shall make any necessary adjustments as follows:

- a) if HRV's fee is less than the correct amount of the fee, the WSP shall pay the difference to HRV in the month relevant period of payment immediately preceding the reconciliation;

The WSP must provide HRV with any assistance and information reasonably requested by HRV in the course of the review and verification of the accuracy of the required information submitted by the WSP. If HRV's review of the WSP's accounts, documents (including source documents) and records reveals that incorrect data has been provided for the provision of fee calculation, without prejudice to HRV's rights, then

- a) if the fee paid is less than the correct amount of the fee, the WSP shall pay the difference to HRV, and if the difference is greater than 10% of fee paid, the WSP shall pay HRV's reasonable costs directly associated with the process of reviewing and verifying the accuracy of the required information submitted by the WSP;
